- If you would like to remove yourself from an event, you can do so on the Dashboard under Your Events by clicking Remove next to the selected event.
  - If you have expressed interest in a team event, once selected for the roster you will no longer be able to remove yourself. Only a company administrator can do so once a roster has been determined. This is to avoid unexpected no-shows at events.

### How will I know when I have been included on the Event Roster?

1. From your Dashboard, you'll find a listing of all events in which you've expressed interest in the Your Events area.
2. In the Entered column, you'll see an indicator on whether or not you've been included in the event roster:
  - a. "Pending" until action from the Sport Captain or Company Administrator
  - b. Green checkmark if selected for event participation (i.e. included on the event roster)
  - c. Red "X" if not selected for event participation (i.e. not included on the event roster)
